#### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

a. The claims are allowed because the prior art does not teach nor suggest, in a method of fabricating a colossal magneto-resistive detector using a thin film transfer method, the steps of growing a protective layer comprising a lattice matched template material on a rock salt structure material layer, depositing a colossal magneto-resistive layer on the protective layer, fabricating a detector array by adding contacts and processing devices to an interconnect surface of the colossal magneto-resistive layer, removing perovskite oxide material substrate from the rock salt structure material layer, and removing said rock salt structure material layer from the protective layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Timothy V Eley whose telephone number is 703-308-1824. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Allan N Shoap can be reached on 703-308-
